

Europain[®]

AN EXCITING RESEARCH OPPORTUNITY FOR ICU NURSES AND DOCTORS!

WHAT is Europain[®]? An International Study of Procedural Pain in ICU Patients

WHO IS SPONSORING? ESICM (Established Investigator Award 2009)

WHERE IS STUDY COORDINATING CENTER? Hopital St. Louis, Paris

WHO ARE STUDY INVESTIGATORS?

Dr. Kathleen Puntillo Professor of Nursing, San Francisco
Professor Elie Azoulay MD, Paris
Dr. Adeline Max, Paris

HOW CAN I PARTICIPATE IN THE STUDY?

Be a Site Coordinator. This means that you would be in charge of data collection in your ICU. You and your ICU colleagues would enroll at least 15 patients who are undergoing procedures that could be painful. You would assess the patient's pain before and immediately after the procedure. You would collect other information from the patient's chart and would send all of this information to a National Coordinator, someone who is overseeing this study in your country.

HOW CAN I GET MORE INFORMATION ABOUT THIS STUDY?

Email Ariane Lafabrie, research Coordinator, ariane.lafabrie@sls.aphp.fr
